SPAWAR Systems Center San Diego Awards Contract

SAN DIEGO — Science Applications International Corporation, San Diego, Calif., is being awarded a \$19,479,935 indefinite-delivery/indefinite-quantity-type contract with cost-plus-fixed-fee pricing for systems engineering and management services, software and hardware engineering and installation support, systems testing and logistics support for design enhancements and upgrades to Ultra High Frequency Military Satellite Communications Systems. This contract is one of two contracts awarded; both awardees will compete for task orders during the ordering period. This three-year contract includes two, one-year options which, if exercised, would bring the cumulative value of this contract to \$27,480,944. Work will be performed in San Diego, Calif., and is expected to be completed by June 4, 2006. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured with two offers received via the SPAWAR e-Commerce web site. The Space and Naval Warfare Systems Center, San Diego, Calif., is the contracting activity (N66001-03-D-0037).
